LIFE INSURANCE.

The Most Vigorous and the Most Liberal Insurance Company in the Country.

BROOKLYN LIFE INSURANCE COMPANY,

141 Broadway, N. Y.

ASSETS OVER

$1,000,000!

CHRISTIAN W. BOUCK,.....*President.*
ABRAM D. POLHEMUS,.....*Vice President.*
WILLIAM M. COLE,.....*Secretary.*
D. P. FACKLER,.....*Consulting Actuary.*
DANIEL AYRES, M. D. LL.D.,.....*Med. Examiner.*

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guarantees a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued. Should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the MOST LIBERAL Life Insurance Company in the United States are:

1st. TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over without extra premium or special permit.

2d. A Loan of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Cash Bonus Plan was first conceived by Mr. D. P. Fackler, now Actuary of this Company and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, in tegrity and liberality.

ÆTNA

LIFE INSURANCE COMPANY,

HON. E. A. BULKELEY, President,
AUSTIN DUNHAM, Vice "
T. O. ENDERS, Secretary.
H. W. STJOHN, Actuary.

SUMMARY OF BUSINESS FOR 1867

Total Assets, over	$10,000,000
Polices Insured in '67,	15,251
Am'nt insured, nearly	$45,000,000
Policies Average "	3,000
Receipts for 1867,	5,129,447
Surplus for Dividends,	2,000,000

Dividend Fifty per cent.

Receipts for Interest Nearly Paid Its Losses.

It has $130 Assets for every $100 Liabilities.

Its premium receipts at the present time are nearly HALF A MILLION DOLLARS per month and are rapidly increasing.

The growth of the Ætna has never been equaled by any other Company whatsoever, in Europe or America.

Particular attention is called to the fact that while its business is increasing unprecedentedly, its ratio of expenses is comparatively small.

ECONOMY of management, CARE in the selection of risks, *promptness* in the payment of death claims, and *security* in the investment of its immense Trust Funds, are rigidly adhered to, and have ever characterized this Company.

The ÆTNA issues all the favorite kinds of Policies at the most favorable rates.

The ÆTNA issued last year more Endowment Insurances than any other Company.

The ÆTNA'S ratio of expenses, or cost of new business is less than any other Company whatsoever, and less than *two-thirds* of the average.

The ÆTNA is as liberal in permits to travel, in all parts of the world, as a sound discretion will warrant, and is much more liberal than any other prominent Company.

ANNUAL INCOME over $6,000,000.

The only Company that has the Low Participating Non-forfeitable Term Insurance with privilege of renewal. Ex. of rate at age 30 $14 67, which is nearly 40 per cent. lower than any other leading Company. Also

Non-forfeiting cash rates with dividends on contribution plan and payable at the end of the first year.

Description of Policies.

First—Whole Life Policies.

Second—Endowment Policies, for terms of ten fifteen, twenty, twenty-five, thirty, and thirty-five years.

AGES.

Insurance will be granted at all ages from fifteen to sixty years.

PREMIUMS.

Premiums are payable annually during the continuance of the insurance, or annually during a period of five, ten, fifteen, or twenty years within the insurance term, or by single payment.

DIVIDENDS.

All Whole Life and Endowment Policies issued at the rates published herewith, will participate in the surplus from the date of issue,

The dividends will be declared and paid annually upon the contribution plan, and may be applied as the assured shall elect, either to reduce future premiums, or to increase the Cash Value of the Policy.

If no election be made the dividends will be added to the Cash Values.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and paid in cash, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

Dividends on paid-up Policies—that is, Policies which require no further payment of premium to continue them in force for the original amount of insurance—will be paid in cash upon demand.

NON-FORFEITURE RULES.

No whole Life or Endowment Policy, on which two or more annual cash premiums have been paid, shall be forfeited by failure to make further payment as stipulated therein, but will continue in force for the full amount which the Cash Value and dividends, then accumulated, will purchase, taken as a single net premium, upon the "Actuaries" rate of mortality and four per cent. interest; and the amount continued in force will generally exceed the aggregate of the payments actually made, extra charges excepted.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

MONDAY, MARCH 15, 1869.

GRANT'S CABINET TROUBLES.

If half the papers tell is true, the Mum President has had a hard time since he donned the purple. His couch has not been soft, nor his experiences of Presidential life agreeable.

Our readers have already been informed as to the reconstruction of his Cabinet.—We propose to draw upon others for some speculations and facts connected with the changes made, that our readers may have a glimpse at the trials and vexation of our Chief Ruler.

First then, why did Grant choose Boutwell to be Treasurer? It is quite evident that he has no special fitness for the place. The *National Intelligencer*, always moderate and just, says of his appointment to the Treasury:

We wish we could expect from him, as confidently we would have done from Mr. Stewart, a policy which looks to lifting as speedily as practicable the burdens which now press upon the people. Formerly a member of the great political party which has ever been devoted to a broad and liberal commercial policy, Mr. Boutwell has of late been specially affiliated with the great class interests which weigh like a nightmare upon the industries of the land, and make bitter the scanty bread of the laboring poor.

The *World*, the best edited of the New York Dailies, remarks:

Mr. Boutwell, a few years ago, was at the head of a Bureau in the Treasury Department, and instead of exhibiting capacity superior to the requirements of that subordinate position, he showed a scant and inadequate competency for its duties.

It further observes:

A President whose standard of competency was so low that he could appoint Washburne Secretary of State, thought the Department of the Interior fully equal to the capacity of Mr. Boutwell; and, in a proper scale of gradation, this was just enough estimate. Mr. Boutwell is about as well qualified for the inferior office to which General Grant first invited him as Mr. Washburne is for the management of our foreign relations.

Now, we have here the opinion of a mild, able, discriminative paper, and the bold assertion of a very vigorous and avowed opponent of the administration. But let us see what the most thoughtful, the most elevated and independent of all the Radical papers in the country has to say about the Massachusett's Secretary. Here is the estimate placed upon Boutwell by *The Nation*. It says:

He has for the last four years displayed so many marked symptoms of chronic mental inflammation, and such unswerving fidelity to party—the last evidence of it being his open support on the stump of the great apostle of repudiation, General Butler—as to lead the best judges in doubt whether he will ever be fit for any position in which a cool head is the first requisite, and scientific considerations the weightiest and most important.

If these opinions are well founded, there is no denying that the country has an unfortunate officer to control her finances in the person of the rabid Republican from Cape Cod. Why then was he appointed?—What say the papers? The New York *Evening Post*, (Radical to the core,) a day or two before Boutwell's appointment, was greatly exercised lest he should be appointed through the "terrible pressure" brought to bear upon Grant by "a parcel of scheming politicians." The *World's* Washington correspondent says he was appointed because the Rads were about "to move immediately on General Grant's works," and he was "compelled," therefore, into "an unconditional surrender." He was pressed to the wall. Stewart would not do. Cisco declined. Wells was too unpopular. The extremists demanded the appointment of an extreme man, and under the tremendous weight, Grant "caved"—"knuckled"—cried *peccavi*, was vanquished.

But the Sumner party is not yet content. It is understood that Rawlins will not long continue in the War office. He too will be ousted. The *World* says that he owed his appointment "solely on the ground of personal intimacy with the President as military chief of staff," and "not at all to qualifications." Hear too will be set aside after a while. He and Boutwell are from Massachusetts. Hear, is not sufficiently ultra—there must be some man as Attorney General who is fully impregnated and reeking with Radical virus.

The *Intelligencer* says:

"It is well known that the Republican leaders in Congress were *exceedingly displeased* with the Cabinet General Grant presented to them *as his own choice*. They have been aiming to break up the arrangements he made, and in this they have measurably succeeded." The issue was made up between Grant and the ultras, and the ultras triumphed, and Grant the hitherto stubborn, "caved" incontinently. He did not "fight it out" on the "line" of his own selection.

Doubtless he finds a *salve* in the appointment of the excellent Hamilton Fish as Secretary. But "uneasy lies the head that wears a crown," and very uneasy, no doubt, has been Grant's head since it was laid upon the Presidential pillow for the first time. His most constant and fond admirers must see trouble and disappointment in Grant's first week in the White House.—An administration that begins in trouble will scarcely end in quiet. Grant may echo his famous "Let us have peace," but he will find that the descendants of Puritanical witch-burners are as intolerant and insolent as their progenitors, and will not let him have peace unless he truckle always to their behests and become an obsequious and supple tool in their hands.

"THE REVOLUTION IN ENGLAND."

This is the significant title of a very elaborate article from the incisive and eloquent pen of Professor Goldwin Smith, in the last number of the old *North American Quarterly Review*. This article is well calculated to arrest the attention of every statesman, and of thinking people generally, whether they are the friends of popular government, or of an ancient aristocracy, hitherto countenanced and sustained by the hearty support of the British throne.

Professor Smith is no ordinary man. He is a scholar and thinker, at once aggressive and original. In this country he would be called a progressive. His mind does not move in the old grooves. He is not satisfied with the well established order of things, but is for higher and bolder strides, until some blissful Utopia shall be reached, and Governmental perfection be secured. We would not do him the least injustice. He is too thoughtful to be overlooked, and it may prove difficult to gainsay some of his statements. His purpose, in the article contributed to the *North American Quarterly*, seems to be to place before the American reader a clear view of the present condition of political affairs in the British Kingdom. And whatever opinion may be formed of the general ability of his effort, no one with the least candor or taste, can fail to be impressed with the vigor and earnestness of the article, and with the glimpses he affords us of British politics.

This astute reader of the times, and writer of historical lectures, thinks he perceives in the horizon of Britain, a cloud already much larger than a man's hand, which promises to increase in its dimensions vastly, until it will overshadow the British Islands, and finally, surcharged with progress and revolution, will burst suddenly upon the astonished world. The changes to be wrought by this amazing operation will be as remarkable as thorough. It is to be a revolution, wide-spread and radical. Hence the title of his article, "The Revolution in England." In its progress, it will not resemble that of the French, but it is to be a thorough "English revolution." He says that, "the movement is likely to be slow," but it will be none the less certain of accomplishing great results. This remark is justified, because "institutions are challenged" now "which a few years ago were sacred." Of course, such things are well calculated to excite fears in the British aristocracy. "Ichabod" is written upon their lintels, and their proud banners are soon to trail in the dust of defeat and change. It may be so. We are no prophet. Certain it is, that, strange things have occurred, and why not the abolishing of the noblest aristocracy of any country or age?

But Professor Smith is not only historian and seer, but he is a politician. He has evidently studied our own history, and been enamored of what he has seen. He says, as yet, "there is no Republican party" in England, but "there is a good deal of Republican sentiment;" and then he boldly prophesies that, "if things hold on their present course, the natal hour of the Republican party is not far distant." All this may be true, hereafter, and we wish it God-speed, if such a patturition shall eventuate in the advancement of truth, and honor, and prosperity, and justice among the descendants of Alfred.

Our Professor is daring enough to advance a step farther in his vaticinations, and to foretell that when such a party is born in England, "it will never die." It will not be "the premature aspiration of a group of advanced theorists like Vane and Milton," but "it will come in the fulness of time, and as the moral and political necessity of the whole nation." When this mighty political party shall pass over the fair island, it will sweep out of its pathway the House of Lords, and extinguish forever the boastful and plethoric aristocracy of the realm. The whole fabric is utterly rotten, and must be torn into shreds by the truculent multitude clamoring for change. It is an incubus upon the neck of British advancement, and must, therefore, be summarily kicked out of the way. It is a fungus growth upon British happiness, and deserves to be clipped off by the shears of excision. It has stood up defiantly against salutary reforms, and opposed all measures that were of a "progressive" character, and ought to be throttled forever. It is "a hereditary chamber," and the "only" one "in Europe," and is consequently opposed to the best interests of the age, and violative of the rights of the people, and must, therefore, go down before the advancing car of reform.

Such, in our own language, seems to be an abstract of Professor Smith's bill of indictment against the British Peerage. Not doubting that there is truth in much that he says, we confess to some admiration of a nobility who have illustrated England's glory in the field, on the sea, in the Senate, in the pulpit, in arts, and sciences and letters. If, however, our prophet and censor, is correct in his estimate of their present status, and they are, indeed, standing in the way of salutary reform or true progress, then, we are too good a friend to the oppressed and afflicted the world over, to wish any other result than that which will bring genuine peace and prosperity to British manhood generally.

FUNNY.

"With such a Cabinet, composed of the brightest and most brilliant men in the nation, President Grant's administration must be one of great peace and prosperity to the Republic."

Grant's Cabinet "composed of the brightest and most brilliant men in the nation!" The *Standard* man must own a telescope. Has he been looking through it, that he should discover that that ground-and-lofty tumbler, Creswell, and Boric, (whose name the *Standard* man probably never heard of until he was selected by Grant,) and Rawlins, (a man of some smartness, but certainly of no great force,) and Hear, (of course a greater lawyer than Chase, and Stanberry, and Evarts, and our own peerless Ruffin, and indeed a hundred others that might be named,) and Boutwell, are greater men than any others to be found on the American continent? Does he not pronounce them, one and all, to be *par excellence* "the brightest and most brilliant men in the nation?" Is he not always severely truthful? Surely he never indulges in extravagances of speech, or throws off high wrought sentences, or delights himself with mellifluous twaddle. Surely then, he must have used a telescope to have supposed that these little intellectual twinklers were indeed stars of the first magnitude. Surely he must have used a wonderful lens, to have seen these men of Lilliput magnified into intellectual Titans. But he has forgotten that

"Pigmies are pigmies still, though perch'd on Alps,
And pyramids are pyramids in vales."

We have nothing to say about "the *brightest* and most *brilliant*." Doubtless it takes these two sounding words to express the vividness of the light that encircled the Cabinet when he looked upon them in rapt admiration through the aforesaid telescope. We confess, however, that we are at a loss to know what shade of meaning these two words—"brightest" and "brilliant"—were intended to convey. Perhaps he was slightly obfuscated by the aforesaid telescopic discovery, and merely "made a distinction without a difference."

Senator from Edgecombe called the previous question. Sustained, and the question being on the adoption of the substitute, resulted, yeas 13, nays 20.

The bill then passed its second reading by the following ballot:

YEAS.—Messrs. Banner, Barnett, Candler, Carson, Carey, Cawthorn, Cherry, Davis Dixon, Downing, Ellington, Farrow, Gahagan, Gatling, Graham, Hendricks, Hodnett, Hudgings, Ingram, Justus, of Henderson, Justice, of Rutherford, Kelly, of Davie, Kelly, of Moore, Ladin, Mayo, McCanless, Moring, Moore, of Chowan, Robbins, Sinclair, Simonds, Stilley, Vest, Waldrop, Williamson, Wilson and Wiswall.

SPECIAL ORDER.

Resolution granting $12,000 to the University of North Carolina.

Mr. Argo moved to postpone and make it special order for this day week.

Mr. Justice, of Rutherford, wished to know the reason why the gentleman made such a motion.

Mr. Argo replied that if the bill was pressed now, its chances of passage would be greatly endangered, &c. There were now at Chapel Hill, two students, five or six Professors, and servants in proportion.

The motion to postpone was put to a vote and carried.

On motion of Mr. Bowman, the rules were suspended, and the report of the Committee in regard to salaries, was taken up.

The majority and minority reports were read.

The question recurred upon the adoption of the minority report as a substitute of the majority.

On motion of Mr. Durham, the yeas and nays were called, and the House adopted the minority report by the following ballot:

YEAS.—Messrs. Allison, Argo, Armstrong, Ashworth, Barnett, Blair, Boddie, Candler, Carson, Cawthorn, Cherry, Clayton, Davis, Downing, Durham, Ellis, Farrow, Ferebee, Gahagan, Gatling, Gibson, Green, Harris, of Franklin, Hendricks, Hicks, High, Hinnant, Hodnett, Humphries, Hudgins, Ingram, Jarvis, Justus, of Henderson, Kelly, of Davie, Leary, Long, of Chatham, Long, of Richmond, Mayo, McCanless, McMillan, Mendenhall, Moring, Moore, of Alamance, Painter, Parker, Pearson, Proffitt, Robinson, Shaver, Siegrist, Snipes, Stanton, Sweat, Thompson, Vestal, Welch, Whitley, Williams, of Harnett, and Williams, of Sampson.

Mr Downing moved to reconsider the vote just taken. Carried.

J. W. Leary, colored, moved to lay that motion on the table.

The minority report allows the Governor $4,000; Treasurer $3,000; Secretary of State $1,230 and fees; Auditor $1,800 and fees; Superintendent of Public Instruction $1,500; Superintendent of Public Works $1,800; Attorney General $1,800; Judges of Supreme Court $3,000; and Judges of Superior Courts $2,500.

Mr. Estes moved to amend by allowing the Secretary of State, Auditor, Superintendent of Public Instruction and Superintendent of Public Works, $2,000 each as the majority report recommended.

Mr. Durham moved that the question be divided.

Mr. Estes opposed the division.

Mr. Durham said it was strange that some gentlemen wished to force the House to vote upon a proposition fixing the salaries of four different officers. No matter how different the responsibilities and duties of the offices, this proposition gives them the same compensation.

The question upon dividing the motion was put to a vote and carried.

The question recurred upon the amendment of Mr. Estes, so far as it affects the Secretary of State, striking out $1,250 and inserting $2,000.

After a long debate the amendment was put to a vote and rejected by the following ballot:

YEAS.—Messrs. Banner, Barnett, Carson, Carey, Cherry, Crawford, Dixon, Downing, Ellington, Estes, Foster, Gahagan, Graham, Hoffman, Justice, of Rutherford Kelly, of Moore, Laffin, Mayo, Moore, of Chowan, Pearson, Procter, Ree, Renfrow, Reynolds, Sinclair, Simonds, Smith, of Martin, Snipes, Stilley, Sykes, Vest, Williamson, Wilson, Wiswall.—33.

NAYS.—Messrs. Allison, Argo, Armstrong, Boddie, Candler, Cawthorn, Clayton, Davis, Davidson, Durham, Ellis, Farrow, Ferebee, Gatling, Gibson, Green, Harris, of Franklin, Hendricks, Hicks, High, Hinnant, Hodnett, Humphries, Hudgins, Ingram, Jarvis, Justus, of Henderson, Kelly, of Davie, Leary, Long, of Chatham, Long, of Richmond, McCanless, McMillan, Mendenhall, Moore, of Alamance, Painter, Parker, Pou, Proffitt, Robinson, Shaver, Siegrist, Stanton, Sweat, Thompson, Vestal, Welch, Whitley, Williams, of Harnett, Williams, of Sampson.—51.

Mr. Justice, of Rutherford, said as the House manifested a disposition to starve out the State officers he would move that the consideration of the bill be postponed for the present.

Messrs. Pou and Leary, colored, opposed the motion.

Mr. Stilley moved to amend the motion by postponing until to-morrow morning at 11 o'clock. Lost.

The original motion to postpone was put to a vote and lost.

The question recurred upon Mr. Estes' amendment striking out $1800 as salary for Auditor, in the minority report and insert $2,000 as provided for in the majority report.

Mr. Stilley moved to strike out the words "and fees." Carried.

The amendment as amended was put to a vote and adopted by a vote of yeas 47, nays 38.

[This gives the Auditor a salary $2,000 without fees.]

The question then recurred upon that portion of Mr. Estes amendment striking out $1500, as the salary of the Superintendent of Public Instruction and insert $2,000.

[The majority report makes it $2,500.]

Mr. Pou moved to amend the amendment by making the salary $1800.

After considerable discussion the House adopted the amendment to the amendment by the following ballot:

YEAS.—Messrs. Allison, Argo, Armstrong, Banner, Boddie, Candler, Carson, Clayton, Davis, Davidson, Durham, Ellis, Ellington, Farrow, Ferebee, Gibson, Green, Harris, of Franklin, Hicks, High, Hinnant, Hodnett, Hoffman, Humphries, Jarvis, Justus, of Henderson, Kelly, of Davie, Long, of Chatham, Long, of Richmond, McCanless, McMillan, Moore, of Alamance, Painter, Parker, Pou, Proffitt, Robinson, Shaver, Siegrist, Stanton, Sweat, Thompson, Vestal, Welch, Whitley, Williams, of Harnett, and Williams, of Sampson.

NAYS.—Messrs. Ashworth, Barnett, Blair, Bowman, Cawthorn, Cherry, Crawford, Dixon, Downing, Estes, Foster, Gahagan, Graham, Harris, of Wake, Hudgings, Ingram, Kelly, of Moore, Laffin, Leary, Mayo, Mendenhall, Moring, Moore, of Chowan, Pearson, Proctor, Renfrow, Reynolds, Sinclair, Simonds, Snipes, Stevens, Stilley, Sykes, Vest, Williamson, Wilson, and Wiswall.

On motion the House then adjourned until this evening, 7½ o'clock.

CAUTION! We desire to warn the dealers in, and consumers of Snuff generally, that since the war, certain Tobacco Manufacturers, being unable to find a market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages and imitate our Trade-Marks so that a close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made."

In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found, upon comparison, that Lorillard's snuff is "far ahead" of all others being made of the best stock, after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of many worthless articles put on sale by others. The best is the cheapest in the end. A sample will always be mailed on application. In ordering please specify if Salt Snuff, High Toast,) or Fresh Snuff (Extra Scotch) is desired.

Ayer's Cathartic Pills,

For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative Pill. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have, and can show, thousands upon thousands of certificates of remarkable cures of the following complaints, but such cures are known in every neighborhood, and why should we publish them? Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion, Listlessness, Langour** and **Loss of Appetite**, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice** or **Green Sickness, Bilious Colic** and **Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa**, but one mild dose is generally required.

For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back** and **Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression** a large dose should be taken as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

As occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus. There are numerous cases where a purgative is required, which we cannot enumerate here, but they suggest themselves to everybody, and where the virtues of this *Pill* are known, the public no longer doubts what to employ.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. Anew provision against sudden attacks of *Croup*, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with the antidote for them.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the *Cherry Pectoral* they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by using the *Cherry Pectoral* in small and frequent doses.

So generally are its virtues known that it is unnecessary to publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

SYNOPSIS OF STATEMENT FOR 1869, OF THE CONNECTICUT MUTUAL LIFE INSURANCE COMPANY.

Income from Premiums,	$7 151,304 11
Income from Interest,	1,304,956 12
Total Income for the year,	8,746,270 00
Losses paid,	1 221,262 00
Dividends paid,	926,304 00
Total Losses paid to date,	5,092,262 00
Total Dividends paid to date,	2,197,3.6 00

It will be seen from the above that the INCOME FROM INTEREST ALONE greatly exceeds the losses, and that the TOTAL INCOME FOR ONE YEAR is more than the TOTAL LOSSES PAID TO DATE.

The Assets of the Company are NOW OVER TWENTY-THREE MILLIONS OF DOLLARS, and with its INCOME INCOME offers greater inducements to those insuring than any other Company in the country. In addition to the pure credit system of premiums with dividends annually payable after four years, it insures Policies upon a reduced all-cash premium, with immediate ANNUAL INCREASE. As can be plainly seen that the Connecticut Mutual Life has been doing a safe and increasing business for the last twenty-three years. It does not deem it necessary to make grand promises of what they INTEND doing, but will insure persons on any plan most desirable, and if a share of the profits non-forfeitable, for a stated amount, after two or three payments. Also remember, this Company has $154 Assets securely invested, for every $100 of its Liabilities.

QUESTIONS REQUIRING AN ANSWER.

A valued correspondent of this City, in the *Sentinel* of Friday last, directed some very important questions to the Board of Common Council, which have not been answered thus far. These questions should receive the early attention of the Board, for they are really of great interest to our City tax payers.

Some of these questions are:

1. What is the in lebte fness of the City?
2. For what purposes was this debt created?
3. Have the former Treasurers made a settlement with their successors?
4. If not, have they been sued, or are their official bonds worthless?
5. What amount of City taxes does the present board pay annually?
6. Is their tax, exclusive of that paid on the sale of liquor, more than one hundred dollars per annum?
7. How much City property does the Board own?
8. What is the amount of bond given by the Treasurer?
9. What is the actual value of the bond?

We would like to see a categorical answer to these inquiries, and, we doubt not, every tax-payer in the city would like to see it also.

We regret to learn that William Thompson, Esq., one of our oldest and most respectable citizens died at his residence on Sunday night. He was a member of the Episcopal Church, and in the 73rd year of his age.

We are sorry to learn from the *Living Present* that our friend Jno. G. Boyd, Esq., of Warren has sustained a considerable loss in the burning of his carriage house, containing a very fine carriage, a Buggy, a sulky, &c. Three women have been arrested as the incendiaries.

WELL SAID.—Mr. Forkner, after the reading of the Journal of the Senate, Saturday morning, rose to a privileged question. He stated, that a little white boy, the son of a widowed mother, who has been selling pea nuts in the rotunda of the Capitol, had been removed therefrom, by the Doorkeeper of the House, and said Doorkeeper, he had understood, had gone into the sale of pea nuts himself. Mr. Forkner further remarked, that he had every reason to believe that the little boy in question was an honest boy—and therefore "The noblest work of God." He, Mr. Forkner, some days since, had purchased a dime's worth of pea nuts from the boy; in the afternoon the boy approached him and asked, if he had bought pea nuts from him to-day. Being answered in the affirmative, the boy replied, "well, sir, you paid me fifty cents"—and proposed to refund. Mr. Forkner supposed that Senators might look upon this as a small matter, but to his mind, it was an important matter; the youth who had been so unjustly dealt with by the doorkeeper, had proved himself worthy of patronage, and he hoped Senators, who bought pea nuts would remember the youth, and give him their patronage.

We are informed that Mr. Forkner manifested proper feeling in the delivery of his remarks, but many of the grave Senators so far failed to sympathize with him, that they actually laughed at the earnestness exhibited by him on the occasion. But after all, clever and deserving as the lad evidently is, we do not know that "Hon." Edgar Miller's course in *turning* him out, is any more censurable than that of Senator Lassiter (of kildee and squirrel-letter notoriety,) in *turning out* such able representatives as Hon. R. B. Gilliam and Col. James S. Amis, and *putting in* Cuffee Mayo, whose excellent qualifications for the faithful discharge of legislative duties, may be seen by reference to his brief memorandum of a contemplated fulmination in the Representative Hall, as published elsewhere in this number. Nor do we regard Miller's conduct worse than that of Judge Pearson, and Judge Reade, and Judge Settle, and Judge Dick, and Judge Rodman, in voting to *turn out* such admirable gentlemen as Judges Gilliam, Barnes and Howard, and to *put in* Tourgee, and Watts, and Starbuck, whom they knew at the time was indicted for perjury.

UNCLE CUFFEE.

This distinguished member of the Legislature dropped one of his speeches, which was reported by one of the boys in the office.

Uncle Cuffee, calling, as he often does, for his paper, dropped the following in manuscript. We don't know whether it was dropped accidentally or designedly, that we might pick up and publish. However, we have the original, which goes to show uncle Cuffee, like Cicero and Webster, ponders well what he has to say. He is a man of thought, as well as labor. If the white hands would deliberate as their black brother does before they speak, what they say might be more to the purpose. But here is what the MSS. says:

"Ef in 1812 wunts and Cullurd went to Chool to guthur, and they did not marry then, why shuld they know and Just as Soon as they stop that they CommenCe taken away our rights and that is what they will do know ef they Can but"

And here the document abruptly ends.

PUBLIC MEETING.

CLINTON, N. C., March 6th, 1869.

Jno. C. Williams, Esq.:

SIR.—At a meeting of the citizens of the county, held at Clinton, on Saturday, the 6th inst., Col. L. A. Powell was called to the chair and J. I. McCalop requested to act as Secretary.

On motion of Col. A. A. McKoy, the following preamble and resolutions were unanimously adopted, viz:

WHEREAS, The misfortunes of the war left many of our citizens wholly unable to settle, in full, the demands outstanding against them; *and whereas*, heart burnings have, in many instances, arisen from attempted settlement of old claims; and, believing as we do, that honesty on the one part and charity on the other can and must bring about a more healthy state of public sentiment and a more prosperous condition of the people. Therefore we promise and agree to foster and encourage, among our friends and neighbors, a more harmonious and friendly feeling, laying down, as our rule of action, justice to all mingled with charity to the unfortunate.

Resolved 1st. That we believe that an amicable arrangement of all old debts can be affected either by an agreement between the parties, themselves, or by reference to abitration.

Resolved, 2nd. That we do pledge ourselves to exert our whole influence to have these matters amicably adjusted, and, thereby, save the thousands of dollars of costs which will be expended in litigation, as said costs neither benefit the creditor nor the debtor.

Resolved, 3rd. That we recognize the truth that no fixed and invariable standard of compromise can be settled upon which will be fair to all parties. Therefore, we feel that justice requires in many instances an arbitration in order to settle fairly between the parties.

Resolved, 4th. That each district call a meeting of its debtors and creditors to carry out the principles contained in these resolutions.

Resolved, 5th. That we beg creditors not to commence suits or warrants until they have tried the efficacy of these directions and make a distinct proposition of compromise as contained in paper marked (A).

Resolved, 6th. That we request all debtors to offer as liberal terms of compromise as they can, believing that the necessities of the creditor are to be recognized as well as the necessities of the debtor.

Resolved, 7th. That we have met to make mutual sacrifices upon the altar of friendship, and that we will, each and every one of us, endeavor to do that for the interest and honor of our good old county, and for the welfare of our own good citizens.

Appropriate and feeling speeches were made, on the occasion, by Col. McKoy, and others.

On motion it was resolved that a copy of the minutes and resolutions of the meeting be sent to each of the members of the Legislature from Sampson.

On motion, the meeting adjourned.

Very respectfully, your obt. sv't.,

JAMES I. McCALOP.

(A.)

We agree to submit all unsettled matters between us to arbitration and select as Arbitrators, ——, with power conferred on them to select an umpire, and their award, or the award of the umpire, to be final and conclusive between us, and we do bind ourselves to abide their decision, and, in all things, faithfully to comply therewith.

The power being herein conferred to compromise, arrange, and adjust all unsettled claims between us. This —— day of ——, 1869.

MEETING OF THE BAR IN BERTIE COUNTY.

According to a previous understanding the members of the Bar present at the March Term, 1869, of Bertie Superior Court met on the adjournment of Court, at noon on Thursday the 4th, for the purpose of paying a tribute of respect to the memory of the Hon. David Outlaw.

Upon assembling P. H. Winston, was called to preside, and J. E. Moore, requested to act as Secretary.

The Chairman briefly and feelingly stated the object of the meeting.

On motion of Maj. H. A. Gilliam, a Committee of five, consisting of Messrs. Gilliam, of Chowan, Smith, of Hertford, Sprull, of Bertie, Peebles, of Northampton, and Albertson, of Perquimans, was appointed to report resolutions responsive to the feelings of the meeting upon the sad event that had occasioned it.

The Committee through Maj. Gilliam, reported the following resolutions:

WHEREAS, As it hath seemed good to Providence to remove, since the last term of this Court, the Honorable David Outlaw from the field of his labors, and usefulness among us:

Resolved, That in his death the State has lost one of its ablest, most honored citizens; this community, one of its most valued and respected members; and this Bar its oldest and most esteemed brother.

Resolved, That in a long life of strict devotion to principle, in public and private relations,—of incorruptible integrity, he had the just reward of the public confidence.

Resolved, That while sympathizing with the public loss in this bereavement, we, as his professional brethren, feel, in a peculiar manner, this removal from among us, of our oldest member, distinguished by his kindness and courtesy to his brethren, his uniform sympathy with virtue and right, and his stern denunciation of wrong and oppression.

Resolved, That we tender our warmest sympathies and condolence to the family of the deceased, whose breasts have been so grief-stricken by this bereavement. The memory of so honored a head is the heritage of but few households in the land.

After the reading of the resolutions, eloquent tributes were paid the virtues and memory of the distinguished deceased by Hon. W. N. H. Smith, P. H. Winston, Esq., Col. S. B. Spruill, John W. Albertson, Esq., and W. W. Peebles, Esq.,

On motion of Maj. John W. Moore, a copy of the resolutions were ordered to be sent to the family, and the proceedings of the meeting, be sent to the Raleigh *Sentinel*, requesting publication, and that other papers copy.

On motion, Maj. J. J. Yates, was appointed to present the resolutions in the Court to Hon. C. C. Pool, Judge, and request they be spread upon the record. Adjourned.

P. H. WINSTON, Ch'm.

J. EDWIN MOORE, Sec'y.

Japan seems to have entered in earnest upon a more liberal and progressive policy. Yeddo has been made the permanent capital of the empire, and the residence of the Mikado. The representatives of foreign powers will have no difficulty in being received there. The Minister of France recently presented his credentials. The ports of Zeddo and Negato have been opened according to treaty.

The virtuous Legislature of Indiana has passed a bill to prevent minors from playing billiards.

For the Sentinel.

To the honorable the Senate and House of Representatives of the State of North Carolina, in General Assembly met:

The petition of the subscriber, Thomas Goode Tucker of the County of Northampton and State of North Carolina, respectfully showeth:

That your petitioner in the year 1868, contracted with a large number of Freedmen to cultivate his Roanoke plantation in this County, *on shares*. That your petitioner stipulated to furnish supplies for the freedmen and their families; and the freedmen in turn stipulated to pay for the same out of the produces of the year's labor; which if however insufficient, they stipulated to continue in the service of your petitioner until the produces of their labors should do so. They further stipulated, (most of them having large and expensive families) if from death or any bodily infirmity they could continue their *minor children* in my service as effectually as if apprenticed by law, until the whole and every part should be fully discharged. Your petitioner begs leave to state that he took the precaution to have his contracts witnessed and approved by an officer of the Freedmen's Bureau, (Lieut. J. M. Foote;) who called them together, explained fully the whole contract, and admonished them and your petitioner, that it would be enforced on both and all parties.

Your petitioner fortunately had a considerable amount of money in hand, and with it freely purchased according to contract, all necessary supplies. Unfortunately the products of the labor for the year did not meet these expenditures, and most of the freedmen readily engaged to continue in my service another year. Your petitioner however made the new contract more *favorable* to the freedmen, claiming no *rent* for the land, thus instantly *giving* them *one fourth* part of their products of the estate (that being the part paid under the other contract). The accounts were examined, and that of each freedman drawn off by an officer of the Freedman's Bureau (Lieut. J. M. Foote). There has been no difficulty on that point.

The year had not far progressed before one of the freedmen, as a pioneer in the enterprise, broke faith and ran off leaving a debt of over a hundred dollars for my kindness. I instantly applied to the Bureau for assistance, but in vain. Lieut. Foote had been transferred to another position and his successor (Lieut. McKillip) was unequal to the duty. After many ineffectual attempts to bring this officer to my aid I finally appealed to the Chief Bureau officer for the State.

The result of that appeal was procrastination and delay, terminating in the declaration by Lieut. McKillip that he had no force to compel compliance of the contract at command. I then, after a period of some months, made a second appeal to the head of the Bureau in this State and forwarded all my previous papers bearing on the case. I have not heard from Bureau or papers since.

Your petitioner further states that, in the meantime, a State Constitution is presented for the approval of the people, containing a clause which, according to a late decision of the Supreme Court, *confiscates* or *repudiates* the obligations of the freedmen to your petitioner, and upon which the freedmen were allowed to vote. Thus your petitioner thinks that he has just cause to complain of the action of the Convention which allowed the *debtor* the power to *repudiate* his debts, more especially such as were incurred in the support and maintainence of himself and family during a period of hardship, and as such, begs that the General Assembly will relieve him from the payment of all State dues and assessments, until their amount shall equal your petitioner's losses under the contract above referred to.

Your petitioner begs leave to say that he would not ask the relief now sought if the amount was only a few hundred dollars—But being too much to quietly give up, he has thought it becoming to seek relief in the manner indicated.

Your petitioner begs leave to add that the demoralization under the present construction of the homestead constitutional proviso, will necessarily work a total loss of all advancements made by him for the benefit of the freedmen. And your petitioner, as in duty bound, will pray, &c.

THOS. GOODE TUCKER.

Andromeda, chained to a rock by the sea side, and looking despairingly for the approach of the monster to whose devouring throat she had been solemnly devoted, is but an imperfect type of Virginia. The classical legend, pathetic as it is, fails to adumbrate all the horrors of her position. The doomed maiden was exposed to danger appalling indeed, but not wholly inevitable; for in good time a divine Hero accomplished her deliverance, and restored her to happiness and honor. Had there been breathed upon her manacles some demon-spell, which riveted her chains *forever*, so that neither appealing prayer, nor votive offering, nor heroic daring might reverse the muttered charm; but that she should sit, through rolling years, the victim and paramour of an abhorred monster—then, alas! she would have truly typified the cruel fate of Virginia.—*Richmond Examiner.*

CHARLES' LONDON CORDIAL GIN,
Or Pure Liquor of Juniper Berries.

This favorite brand of Pure London Cordial Gin, has stood the test of time, imitation, piracy, high tariffs and unfair competition, and still enjoys a constantly increasing sale; showing that true merit does not always go unappreciated.

CHARLES' LONDON CORDIAL GIN is offered to the public as a perfectly reliable specific in all cases of DISEASED BLADDER and KIDNEYS. It acts directly on these organs, with a directness and speediness which render it invaluable to persons suffering from GRAVEL, DIABETES INFLAMED BLADDER, scanty and highly colored urine, and in all cases where, from whatever cause, a healthful diuretic is required.

Ladies subject to painful menstruation, can by the use of Cordial Gin a few days previous to, and during illness, obtain great relief. In such instances it should be taken with sugar and warm water.

As a tonic and beverage this Gin is unequaled, as it possesses none of the headache properties to be found in those poisons, now so frequently sold under the names of Gin, Brandy, Whiskey, &c.

LIFE INSURANCE

NATIONAL

LIFE INSURANCE COMPANY,
OF THE
UNITED STATES OF AMERICA,
WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,
$1,000,000,
PAID IN FULL.

This Company, National in its character, offers, by reason of its large capital, low rates of Premium, and New Tables, the most desirable means of insuring life yet presented to the public.

The rates of premium being largely reduced, are made as favorable to the insurer as those of the best Mutual Companies, and avoid all the complexities and uncertainties of Notes, Dividends and the misunderstandings which the latter are so apt to cause the Policy-holder.

Several new and attractive tables are now presented, which need only to be understood to prove acceptable to the public, such as the INCOME-PRODUCING POLICY and RETURN PREMIUM POLICY. In the former, the policy-holder not only secures a life insurance, payable at death, but will receive, if living, after a period of a few years, an ANNUAL INCOME equal to ten per cent. (10 per cent) of the par of his policy. In the latter the Company agrees to return to the assured the total amount of money he has paid in in addition to the amount of his policy.

The organization of this Company on the LOW RATE, CASH PLAN (with no further call) is unequaled security, has evoked the most remarkable opposition from older and rival Companies. Its means, fair and unfair, they have sought to injure the new system, and have attacked it with a degree of virulence unknown in the history of Life Insurance.

Not satisfied with the immense sums of money paid Insurers and other journals, to try and check the rapid progress of the National, an unprecedented motion was made in Congress to repeal its charter, all of which but accelerated its speed for since then, the largest policies issued has been to members of Congress, whose attention has been thus attracted to its unsurpassed advantages. In the face of this opposition, the work of the Company has gone steadily forward, and it is with no little satisfaction that the GENERAL AGENTS are able to state that the business to date is far in advance of anything hitherto accomplished.

In Six Months 3,000 Policies have Been Issued.

INSURING, IN ROUND NUMBERS,

$10,000,000.

The attention of persons contemplating insuring their lives, or increasing the amount of insurance they already have is called to the special advantages offered by the National Life Insurance Co.

CAPITAL OF THE STATE,

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.

It will do justice to the men and measures of the present day, whenever they may merit it, but it will unsparingly lash and denounce all who set themselves up in opposition to the Federal Constitution, and hold up to the public indignation corruption and imbecility in high places.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational, material and political.

THE LATEST NEWS

From every quarter, both by mail and telegraph will be carefully collated and presented.

Full and correct market and financial reports will be given.

And, in one word, no effort will be spared to make the SENTINEL, in all respects, a reliable

NEW METHOD OF WASHING CLOTHES WITHOUT LABOR.

THE AUTOMATIC

CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL; reliable and universally recommended. It can be used on any Stove or Range, in any boiler, and the Low Price of the article places it within the reach of every family.

This Boiler Operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

Like the rain and steam, by the action of heat, are driven up through valves, pressed upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all articles, from the finest laces to the coarsest blankets. For Flannels it is invaluable, as it does not full them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three gallons of boiling water are forced through the fabric, thereby removing and extracting the dirt WITHOUT LABOR OF HANDS.—A thorough rinsing follows the process.

Washing day will no longer be a terror and dread to housewives. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, also the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at LOGUE & BROTHERS, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the State.
